ADVICE & SUPPORT

Nouansport: unique skills and expertise

- RESEARCH AND DEVELOPMENT
- DESIGN OFFICE
- TECHNICAL AND SALES TEAM
- MANUFACTURING
- TECHNICAL SUPPORT AND INSTALLATION

To support you through to the successful development of your sports facilities while complying with sporting codes and standards.

Sharing the same values: be (ECO)RESPONSIBLE

Nouansport designs and manufactures its products in its own workshops, putting the emphasis on performance, quality and sustainability.

An **innovative** and **eco-responsible** company, Nouansport uses the most efficient manufacturing processes combining high-tech (automatic welding) and craftsmanship (manual welding and finishing), guaranteeing a high level of quality, solidity and durability.

The technological options taken for the production process are environmentally friendly: **solvent-free paint, production system without water consumption**, generation of selectively-sorted non-hazardous industrial waste.

Qualified partners guaranteeing reprocessing and reuse of waste (wood, steel, aluminium, cardboard, plastics, etc.)

INNOVATION

Our product innovation policy, combining athletic performance, environmental and economic efficiency and peerless design, provides real added value.

- HIGH PERFORMANCE MANUFACTURING PROCESSES
- HIGH-TECH
- CRAFTSMANSHIP
- SUSTAINABLE DEVELOPMENT

Nouansport products are designed to be efficient, durable, easy to dismantle and reuse.

A MANUFACTURER'S COMMITMENTS

THE EQUIPMENT AND INSTALLATIONS COMPLY WITH EUROPEAN STANDARDS AND REGULATIONS - SPORTS CODE, FIFAS GYMNASIUM GUIDELINES, NF15312, NFS 52400, SPORTS FEDERATION SPECIFICATIONS AND REGULATIONS, ETC.
